HISTORY

SINCE 2009

MATOS Import is a company created in 2009 by its 3 founding members with the ambition to put in synergy the expertise of each one, acquired during differentiated personal careers, in the field of computer technology.

Initially, the company specialized in the assembly of PC stations for professionals, which is composed of computer components (motherboards, processors, Ram memory, graphics cards, screens, keyboards, mice, speakers, PC boxes...), acquired from prestigious brands such as: Asus, Corsair, Samsung, Crucial, Aerocool, Zalman...

Between 2009-2014 : sale, import and distribution of computer equipment and luggage storage.

HISTORY

SINCE 2014

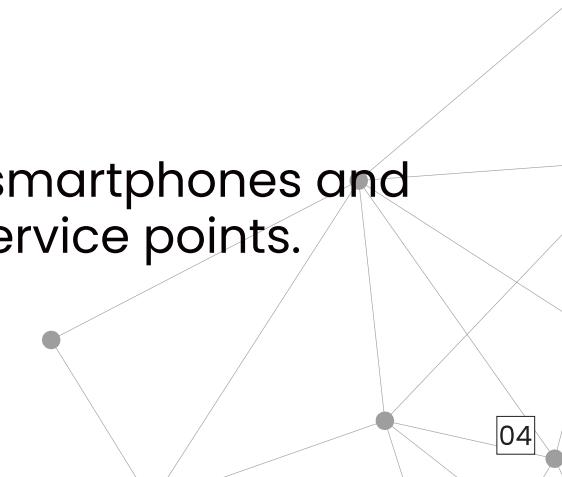

In 2014, with the launch of 3G, the company switched to mobile telephony.

The demand for Smartphones was so high, that the brand DOOGEE, launched in 2014, grew by 85% year-on-year, reaching a turnover of 14,8 million \$ in 2015.

Between 2014 - 2019 : telephone import and distribution

SINCE 2016

In 2016, Matos sold over 400K smartphones and has more than 27 after-sales service points.

HISTORY

MATOS products are distributed nationwide with a coverage of over 89%, up 11% this year. Matos employs more than 150 employees.

From 2017, Matos starts manufacturing and creates its first smartphone assembly line which becomes 100% operational in November 2017 with the objective of having a considerable production capacity in early 2018.

Our distribution channel covers more than 7000 retail stores, wholesalers and distributors. We are in permanent contact with all our distribution networks, either directly or through our partners.

In 2020 MATOS is an official distributor of the brand XIAOMI accessories eco system

MWC 2017

Tout est nouveau et édifiant avec Doogee

photos et des vidéos magnifiquement claires grâce à une sensibilité lumineuse plus élevée. En contre, l'écran HD de 5,5 " à grande netteté fournit une expérience de vision très lumineuse et des images régulières. Après le témoignage de plusieurs ingénieurs qui ont exploré profondément les fonctionnalités de l'appareil photo, le Shoot 1 a été classé parmi les meilleurs téléphones de prise de vue pratiques. Le Shoot 2 qui est le dernier modèle de la série Shoot a été exclusivement lancé au MWC. Ce smartphone centré sur l'appareil photo est équipé de double caméras de 5 mégapixels fabriquées par Huawei avec un capteur RGB pour une meilleure saturation des couleurs et un capteur monochrome qui garde les détails nets, en plus de un zoom optique 2x et un zoom numérique 8x. Une autre grande nouveauté de Doogee Shoot 2 offre une meilleure qualité de photo même dans des conditions de faible luminosité. De plus, le durant arrivé de la série Shoot fonctionne sous le système d'exploitation Andoid 7.0 Nougat et est équipé d'un écran HD de 5 pouces avec un verre 2.5D. Ainsi, lorsque nous parlons de mémoire potentielle, les utilisateurs auront la possibilité de choisir parmi les versions différentes. En fait, ils sont de 1 Go / 8 Go et 2 Go / 16 Go. Sous le châssis on trouve une batterie 3100mAh fabriqué par ATL (Amperex Technology Limited) pour assurer une plus longue utilisation. Enfin le Doogee Shoot 2 est doté d'un dos métallique élégant.
